## WINES BY THE BOTTLE

### CHAMPAGNE

*Hailing from the region of the same name in North East France, Champagne is produced solely from three specific grape varieties: Chardonnay, Pinot Noir and Pinot Meunier. Using the ancient second fermentation method to create its signature bubbles, Champagne is a sparkling wine unlike any other in the world. Non Vintage Champagnes represent a consistent house style through the blending of various vintages, whereas Vintage Champagnes are only produced in years with the most ideal growing conditions.*

## SAUVIGNON BLANC

*Known for its crisp, refreshing acidity, citrusy and sometimes tropical aromatics, and its light, palate cleansing body, Sauvignon Blanc is grown worldwide in a great variety of styles. Always a crowd pleaser; whether from the Loire Valley, Bordeaux, New Zealand, California or other locales, Sauvignon Blanc has truly reached international fame and popularity. Those made in a crisp, dry style are typically best drunk in their youth, while the sweeter dessert wine styles blended with Semillon in Bordeaux, can age for upwards of 30 years.*

## RIESLING

The Mosel, Nahe, Rheingau, Rheinhessen and Pfalz represent a few of the most outstanding wine regions of Germany. Riesling is the star of the show here, where winemaking dates back to the 15th century. This aromatic grape variety is known for its ability to express the terroir of the region where it's grown; Mosel examples usually exhibit higher acidity and mineral, citrus notes, while the more southerly Rheingau tends to make examples with more tropical fruit and melon notes and lower acidity. Kabinett or Trocken are words to look for if you're after a dryer style, while Spatlese and Auslese will have a bit of residual sugar.

## BURGUNDY

### CHARDONNAY

#### CHABLIS

*Burgundy's northernmost outpost of Chablis is home to a classically refreshing, mineral-driven and long-lived style of Chardonnay which very few wine regions the world over can produce. Renowned for its purity, focus and austerity, Chablis is surely one of the most profound manifestations of the Chardonnay grape variety. Found in four broad categories: Petit Chablis, Village Chablis, Premier Cru and finally Grand Cru, we offer you selections in every price point and quality level.*

## MEURSAULT

Located in the middle of the Burgundy region in the Cote d'Or (Golden Slope) is Meursault. It's wines are typically rich and luscious with notes of ripe citrus, vanilla spice, with a nutty, buttery, or honeyed finish. Although Meursault contains no Grand Cru's like its well-known neighbors Chassagne and Puligny, its top three Premier Cru's (Charmes, Genevriers and Perrieres) produce some of Burgundy's most phenomenal and expressive wines with laser like focus and depth.

## PULIGNY-MONTRACHET

*Just south of Meursault is Puligny-Montrachet, one of the most renowned white wine appellations of Burgundy. The most coveted and highly prized wines come from the legendary Grand Cru vineyards followed by the Premier (1er) Crus. At their best, these wines display intensity, complexity and elegance found nowhere else but the Cote d'Or.*

## CHASSAGNE-MONTRACHET

*The border between Chassagne and Puligny is the figurative promised land, home to the world's greatest expressions of Chardonnay. Five Grands Cru vineyards dot the landscape in the area around this small Cote de Beaune village, three of which are in Chassagne. The most prominent being, the namesake of the area, Le Montrachet. Chassagne and Puligny now hyphenate their names in an effort to ride on the coattails of this legendary plot of land.*

## CHARDONNAY

*Throughout California's long wine growing history, many different international varieties have made their way to our local landscape, and express themselves in totally new and exciting ways. California Chardonnay has continued to lead the pack in redefining our conceptions of what is possible. While many producers continue to pursue the production of an 'Old World' style in homage to the great white wines of Burgundy, others make a bold, rich and robust style of Chardonnay not seen elsewhere. In the categories below, we offer you a broad spectrum of options from the Central Coast to Sonoma and beyond.*

## RED WINE

### BURGUNDY

The red wines of Burgundy are widely known as some of the highest quality, long lived and well made wines in the world. Although always made from 100% Pinot Noir, the wines are vastly different based on the terroir of the specific area, the winemaking style of the producer, and the AOC designation they hold. Each small village of the Cote de Nuits, where the majority of red Burgundy hails from, is known for its own unique style and expression of this beloved grape variety.

### GEVREY-CHAMBERTIN

Located at the northern end of the Cote de Nuits, Gevrey-Chambertin is the largest wine-producing village in Burgundy's Côte d'Or. The traditional style is deep ruby in color with a firm structure and ample body. With 26 Premier Cru's and 9 Grand Cru's, this is often considered the richest, most structured of the red Burgundies. The best examples are some of the most long lived, well-integrated wines in the world.

## MOREY-SAINT-DENIS

*It could be said that the appellation of Morey Saint Denis forms a bridge between the wines of Gevrey-Chambertin and those of Chambolle-Musigny. Rich in Premier Cru's, Morey Saint Denis also has 5 small Grand Cru vineyards. Perhaps because of its small size and it's more famous neighbors, there are still a number of remarkable values and special bottles to be found.*

## CHAMBOLLE-MUSIGNY

*Often considered the most 'feminine' or delicate wine of the Cote de Nuits, Chambolle Musigny is elegant, subtle and complex in its profile. Aromas of sweet red fruit, spice box and earthy underbrush meet to create a silky, smooth palate with just a trace of brightening acidity. Boasting only two Grand Cru's within its borders, Chambolle-Musigny is more well known for its broad array of Premier Cru climats.*

## CLOS VOUGEOT

*Clos Vougeot is a small, walled-in vineyard located just south Musigny. Named after the River Vouge, this quaint area was founded by monks in the 12th century and has served as the flagship vineyard for the Cistercians ever since. It is the largest Grand Cru Vineyard in the Cote de Nuits, shared between over 80 owners who some, just farm just a few rows of vines each.*

## ÉCHEZEAX

*On the eastern side of the Cote de Nuits, between Vougeot and Vosne Romanee, is the small commune of Flagey-Echezeaux. Primarily known for the high quality vineyard sites of Echezeaux Grand Cru and Grands-Echezeaux Grand Cru, there are also a number of smaller Premier Cru climats closer to the top of the hill. The best 'lieu dits' can be found on the middle of the slope where soil drainage and aspect are most ideal.*

## VOLNAY

*Similar to Chambolle Musigny, Volnay has a reputation of being a very feminine, delicate and silky expression of Pinot Noir. Light garnet in color, with an intensely flowered bouquet with notes of fresh red fruit, and a smooth, elegant finish, Volnay is home to many well regarded Premier Cru wines.*

## NEW WORLD PINOT NOIR

*The expression of domestic Pinot Noir offers a completely unique and refreshing approach to such a beloved variety. The difference in climate, terroir, winemaking philosophy and other considerations have created an entirely new category of wine. Generally richer in new oak nuances, and with a riper fruit profile, these wines tend to be fuller in body than their Old World predecessor.*

## NORTHERN RHÔNE

*The Northern Rhone Valley begins with the village of Cote-Rotie, winding southward through the regions of Crozes-Hermitage and Hermitage proper, and Cornas. Northern Rhone wines are predominantly Syrah based. CoteRotie translates literally to 'Roasted Slope' and sets the perfect tone for understanding the wines of this region; they are at once fruity, robust, savory, and smoky.*

## SOUTHERN RHÔNE

*Cote du Rhone, Gigondas, Chateauneuf du Pape, Rasteau and Lirac represent the most prominent climats or communes of the Southern Rhone. The wines of the Southern Rhone are typically Grenache dominant blends, and more often display a red fruit character, with softer tannins and a juicier profile, as opposed to the more vigorous and forceful wines of the north.*

## RHÔNE-INSPIRED BLENDS

*Outside of France, the next most celebrated region for Syrah and Rhone varieties is the West Coast of the US. California, Oregon and Washington make many styles of Syrah and the range is more producer driven than terroir driven, as in the Old World. A group of winemakers known as The Rhone Rangers have popularized these wines in the US market and become leaders in innovation and quality for these US made iterations of the classic Rhone style.*

**ITALY**

**PIEMONTE**

*Italy's most highly coveted, collectible and expensive wines all originate in the Northwestern Piemonte region. Barolo and Barbaresco are both made of the native Nebbiolo grape variety, and represent the different styles of the towns near which they are made. Soil differences, climate variation, and farming/winemaking laws make these two very different wines. The less famous wines of Piemonte, Barbera and Dolcetto, offer a wonderfully affordable, easy drinking counterexample to the other more 'noble' wines of the region.*

## VENETO

*The wines of note from the Veneto are Amarone della Valpolicella and Valpolicella Classico; blended styles consisting of the native varieties Corvina, Rondinella and Molinara. Traditional Valpolicella is made in a light and easy drinking style, whereas Amarone and Valpolicella Ripasso tend to be richer, juicier and fuller in body. Long ago ancient winemakers from this cool-moderate climate region developed a unique grape drying technique to create the richer, more robust Amarone style.*

## TUSCANY

Tuscany's claim to fame is Sangiovese. Chianti and Brunello are the first wines that come to mind, which of course represent the best of the best from the region. Rosso di Montalcino often offers great value in a slightly simpler, easier style than Brunello. Rustic, meaty, and herbaceous, these are medium bodied wines with tart red fruit notes, moderate tannins and acidity.

## SUPER TUSCANS (IGT)

*In relationship to the history of Italian winemaking, SuperTuscans are a relatively new development. They are extremely popular for their approachable, supple, and 'international' style. Non-native varieties like Cabernet, Merlot and Cabernet Franc are often blended with Sangiovese to create uniquely rich, yet rustic wines that buck tradition and forge a path all their own.*

## SPAIN

Broken down into three basic categories, our selection of Spanish red wines offers highlights from all the most notable producers in their respective regions. While there are many similarities between Ribera del Duero and Rioja, there are also many distinctions. Tempranillo expresses itself differently under different climactic conditions, and winemaking/aging regimes. Wines of Ribera del Duero tend to be inkier, richer and more extracted, while wines of Rioja are typically more restrained and elegant.

## CABERNET SAUVIGNON, MERLOT AND BLENDS

### BORDEAUX

*The Bordeaux region is historically one of the worlds most important and influential winemaking regions. Since Roman times the Bordelaise have been making some of the highest quality, age-worthy and sought after wines ever known. The noble and native varieties of Bordeaux; Cabernet Sauvignon, Merlot, Cabernet Franc and Petit Verdot, make up the majority of the plantings throughout the region. A short summary of each notable commune follows below, organized loosely from North to South on the Left Bank, followed finally by the communes of the Right Bank.*

### SAINT ESTÈPHE

*St. Estephe is both the largest and the northernmost of the four best communes of the Medoc, on the Left Bank of the Gironde estuary. The gravel soil in this portion of the Medoc peninsula is very prominent, and the wines from this region are known for their concentration, depth and richness. Cabernet is the dominant variety here, supplemented by Merlot. Although no first growths call St. Estephe home, the wines easily compete with some of their 'Premier Cru' neighbors to the south.*

## PAUILLAC

Three of the five First Growths, or 'Premier Grand Cru' Classe's, are located in Pauillac. Chateau Lafite Rothschild and Chateau Latour were awarded First Growth status in the Classification of 1855, with Chateau Mouton Rothschild elevated in 1973. This is a ranking system developed during the reign of Napoleon III. This traditionally acclaimed appellation shares the same prevalent gravel based soil as St. Estephe and the chateaux of Pauillac are known to produce robust, full-flavored and long-lived Cabernet-based blends.

## SAINT JULIEN

The smallest commune of the famous four, Saint Julien does not have any of the First Growth chateau within its confines. Despite this fact, Bordeaux aficionados know that the best examples from this region are consistently hearty yet sleek, with a cedar, stewed red fruit character and gentle tannins. A number of 'Super Seconds' and 3rd and 4th growths can also be found in this commune.

## MARGAUX

*Typically regarded as the most sensual, refined and elegant Cabernet based blends of the Medoc, Margaux is home to the famed Chateau Margaux, as well as 21 other classed growths. Due to its large size and varied terroir, the concentration, ripeness and depth of Margaux wines varies, but the classic style is elegant, velvety tannic structure with notes of cherry, plum, burnt tobacco and dried flowers.*

## PESSAC-LÉOGNAN

Located below the entrance to the Gironde Estuary at the foot of the left bank is Pessac-Leognan, home to the last of our 'Premier Grand Cru Classe' chateaux, Chateau Haut-Brion. This region straddles the border of Graves and the Medoc, and produces an equal amount of both red and white wines. Cabernet is still the predominant variety in the blends of Pessac, but a greater proportion of Merlot is typically used in comparison to other Medoc chateau.

## POMEROL

*Pomerol is the most well known region on the right bank side of the Gironde, making Merlot dominant blends typically supplemented with Cabernet Franc. Although neither of Pomerol or Saint Emilion were included in the original 1855 Classification of Bordeaux, they have since developed their own system to define the best producers. The best vineyards from this region are situated atop a plateau with enriched clay soil, the most famous of which is Chateau Petrus. The producers in this region are much smaller than their left bank counterparts and demand for their wines is ever-increasing.*

## SAINT-ÉMILION

*Located just south of Pomerol is Saint Emilion, a region larger than a number of other Bordeaux appellations combined. Similar to its neighbor, the wines from this region are Merlot based, and are deep in concentration, with a full, rich and robust profile. The characteristic notes of sweet, ripe black fruit and the plush, soft structure of these wines makes them extremely popular for those looking for a friendly introduction to the wines of Bordeaux.*

## CALIFORNIA

California's long and rich wine making history has always been in homage to the classic wine making regions of the Old World, and we take many of our farming techniques, wine making philosophy and stylistic choices from this canon of work. Cabernet Sauvignon is California's most widely planted red grape; with Napa Valley being the appellation of most significance. While there can never be a comparison between Bordeaux and California Cabernet, it is important to note that although they may use the same grape variety, each of these wine growing areas has its own, unique regional identity.

## WINES FOR FOIE GRAS, CHEESE & DESSERT

*In the following pages you will find a hand selected variety of dessert wines from around the world. Sauternes, the sweet botrytised white wine from Bordeaux, is a classic pairing with Foie Gras and salty sharp cheeses. Late Harvest styles of Riesling from Germany and Austria are particularly well matched with tart, fruit based desserts, while fortified Port wine is delicious with chocolate desserts and full flavored cheeses.*

## TEQUILA

*This Mexican liquor is derived from the blue Agave plant. Highland grown Agave are larger in body and sweeter in taste and aroma. Lowland grown Agave are smaller and more herbaceous in fragrance and flavor. Silver Tequilas are distilled and immediately bottled, resulting in a crisp fresh profile. Reposado and Anejo Tequilas are barrel aged, resulting mellower, fuller flavors and amber hues.*
